

Success Story – Offender Management Programme

Unlocking Potential – Scott O’Rourke

Scott had been a repeat offender since the age of 15, and had never been in employment.

With support from Skillcert, Scott successfully achieved the WAMITAB Level 2 diploma in Sustainable Resource Management.

In September 2018, Scott began his role as a Paint Recycling Operative with Paint 360, successfully passing his probation period in March 2019.

Paint 360 are very pleased with Scott’s performance and would be happy to recruit in this way again.

Scott says “I would recommend working with Skillcert, as they supported me to get into work and stop re-offending.”
